Leasing Option: A 4-H youth may lease a horse for a 4-H project, but cannot also identify a family-owned horse. The leasing option is intended for any youth who is unable to participate fully in the 4-H horse project because the member does not have access to a family-owned horse. All leased horses must be managed by the 4-H project member at least 75 percent of the time from May 1 through September 30.

Exception: A 4-H member who qualifies for the 2-year-old snaffle bit project may identify a leased horse for use in this project. If the leased horse is a snaffle bit horse, the member may also identify a family-owned horse to serve as an "open" project horse, but may not identify a family-owned horse for the 2-year-old snaffle bit project. Once a leased horse has been identified as a 2-year-old snaffle bit project, the horse is not eligible at the district show.
