4-H Camp Options

We’ve not revisited the new 4-H Camp model since the announcement last fall that was direct mailed to all 4-H families. For those of you who are new to 4-H or might have forgotten what is happening with 4-H Camp at Rock Springs Ranch, here are the highlights.

- “County Camps” will no longer be happening. Rock Springs Ranch will be organizing and coordinating all aspects of the 4-H overnight camping experience. This means that those of you who are used to “Pioneer Trails” 4-H camp, will not see that as an option and we will not be collecting camp registration as in the past. However, for those who would like to target the same camp date regionally, the Extension units involved in the old Pioneer Trails group would suggest “session 4 dates June 19-22”. This is when our group would have camped together in 2022.

- Youth/Families can now select the time frame to attend 4-H Camp at the time that works best for you. You can register and pay for 4-H Camp directly at: https://www.rockspringsranch4hcamp.org/. Three-night and six-night options are available. Other options for camp outside of the “traditional” camper ages follow.

- Teen Camp: Rising High Schoolers, ages 14-17, will have their own teen camp opportunities. There won’t be “gap years,” and now older 4-H youth who don’t want to be a counselor, but do want to have a camp experience, will have options as well.

- L.I.T Camp: This is a teen leadership camp experience for 15 and 16-year old’s, rising 11th Graders. L.I.T. stands for Leaders In Training. LIT's will have the opportunity to enjoy many parts of the RSR experience. Time will be split between leadership, community development programming and an introduction to camp staff positions.

- C.I.T. Camp: This Camp will be an age appropriate enhancement to the 4-H traditional teen Counselor experience. Teens, 16 to 17-year old’s, especially rising 12th Graders, may still come to camp as part of our new Counselor in Training (CIT) Camp. The main change here being that instead of being the 24/7 caregiver for a session of camp, they will just do it from breakfast to bedtime. These youth will be able to provide leadership to younger campers while also having their own community and camp experiences, all with the mentorship and supervision of 18 to 25-year-old youth development staff. L.I.T and C.I.T are the replacement experiences for our “traditional” 4-H camp teen counselors.

- Two sessions of Family Camp (June 3-5 & August 5-7) offer a chance for the entire family to attend camp at Rock Springs Ranch.

The 4-H camp model has shifted, but the same quality overnight camping experience will be available to all youth across Kansas. The major changes are how campers register for camp, shift to adult staff counselors for campers, removal of local Extension staff from program delivery at camp and the added opportunities for all youth ages 8-18. **Regional 4-H Club Day**
Don’t forget to confirm your participation at Regional 4-H Club Day by **March 10** at the very latest, if you were a top entry at your local 4-H Club Day. **YQCA Reminder**
Friendly reminder that there will be a round of face to face training sessions held in March for youth members to receive your annual YQCA certification to show/sell at fairs. Youth need to register BEFORE attending training at: [https://yqca.learngrow.io/](https://yqca.learngrow.io/) using 4HOnline login credentials. All the information related to YQCA can be found on the News page of our website and has been covered in past newsletters. Dates and times are as follows:
- **March 15**, 6:30 PM - Northeast Kansas Heritage Building, Holton
- **March 16**, 5:30 PM - Nemaha County Community Building, Seneca
- **March 23**, 6:30 PM - 4-H Fair Building, Valley Falls

One recurring question that has not been addressed in past correspondence is if Beef Quality Assurance (BQA) certification will “count” for YQCA? The short answer is NO. Although the quality assurance information overlaps, they are separate certification programs.

Update on Citizenship Washington Focus
Unfortunately, Kansas did not get enough registrations to fill our potential trip for 2022. While this is disappointing to all, we are happy to be able to offer an alternative option. Oklahoma 4-H has organized a CWF trip as well and is looking for people to help fill their group. Their trip would cost $2200, just as ours, but is scheduled for June 16-25. If this option still interests you, please contact the State 4-H office. Another option for those that aren’t 18 yet, would be to participate in the Kansas trip next year, with the hope to open registration by June 1, 2022, in able to allow for youth to raise funds to support the trip. Here is the link for more information about the Oklahoma trip: https://www.kansas4-h.org/events-activities/conferences-events/citizenship-washington-focus/index.html. Please email dsratlif@ksu.edu directly if you are interested in the Oklahoma CWF trip!

Hosting Japanese Exchange Summer 2022
Looking for some new fun and excitement this summer? Host a new friend from Japan in your home this summer, July 22–August 16. Kansas 4-H International Exchange Programs are offering hosting opportunities for 25-30 families this summer. Host families are needed who would be willing to host a Japanese boy or girl. The Japanese youth will be between the ages of 12 and 15. Our responsibility is to make host family assignments matching each delegate with an American same-gender host sibling as soon as possible so that families and exchange delegates can communicate and get to know each other. Any Kansas family with children aged 10-16, who is interested in the Japanese culture, may host. A separate bed is required, but not necessarily a separate room from the host sibling.

Delegates are 100 percent medically covered with 4-H insurance and bring their own spending money. They can go on host family vacations, camping trips, or join their host sibling for summer camps and the county fair. The focus is everyday family life. If you have further questions, please call Pam Van Horn, Kansas 4-H Japanese Exchange Coordinator, 785-826-8917, or email pvanhorn@ksu.edu.

Project Meetings
Looking for ideas for Project Meetings for this upcoming spring. If there is something you would like to learn about or have someone interested in teaching please contact the office and let us know.

Fair Participation
As we ride out these winter months, think about what you can do to get your club active. Perhaps set a date aside from the monthly club meetings as a fun “project day” where each 4-Her walks away with a completed project they can display at the 2022 Jackson County Fair. Keep in mind that it is the “doing” that makes 4-H great. Getting active also allows for our 4-H youth to work alongside knowledgeable adults in completing a project or task.

Superintendents Needed
Superintendent sign up will be emailed out to all 4-H families. If you are interested in helping out during the fair, please fill out the form and return to the Extension Office. We are still needing help in following areas: Foods, Welding, Posters, Educational Displays & Notebooks, Wildlife.

Welcoming New Families
As new families come into your club, please make sure you have assigned someone to greet these families and make them feel welcome. Feeling welcome can be the difference between a family staying with the 4-H program for years to come, or dropping out after a few meetings. New Family Handbooks are available at the Extension Office to share with your new families.

Adding/Dropping Projects and Enrollment Status
The project add/drop deadline for new and returning 4-H’ers is May 1. 4-H members must be enrolled in the project by May 1 and be approved in 4-H Online to be eligible to exhibit in the corresponding project area at the Jackson County Fair. Project enrollment is an important component of the project experience. 4-H families can update this information any time in 4-H Online by simply clicking the Edit button in the Projects tab within the 4-H member’s profile. This option will be available through May 1 and after that the system will not allow any changes to be made to a 4-H member’s projects. If you have questions about project enrollment or the May 1 deadline, please contact your club leader or the Extension Office.

Regional Club Day
Those who received a Top Purple from Jackson, Nemaha, Jefferson, Brown, Doniphan, Atchison & Leavenworth Counties will have the opportunity to present at Regional Club Day on Saturday, March 19. This year the event will be held in person. Entries are due to the office by March 8.

Ten Meadowlark Extension District 4-H youth sent twenty Project Reports, in sixteen project areas. Of those four members with seven project areas have been selected to go on to State judging.
