Create a short, less than 3 minute, video where you show/explain to us one of your 4-H projects that you are taking to the fair. This doesn't have to be an animal project. You can tell us about your Lego set, camera, sewing machine, an outfit you chose to model or your animal.

Tell us:

- What it is
- It's name (if it has one)
- What kind it is (breed or brand)
- How old it is
- Where you purchased/found it
- How you have built it (Legos, woodworking, arts/crafts)
- What you have to do to take care of it
- Why you like this project
- Submit your video to Cara, carar@ksu.edu.
