The Kansas 4-H Program focuses upon five life skills necessary for youth to acquire in order to become fully functioning adults. These “life skills” are:

**SOUND DECISION MAKING** - Youth learn to make sound decisions when they make choices and can apply what is known in a productive way.

**A CONCERN FOR THE COMMUNITY** - Youth develop a concern for the community, by becoming aware of their social responsibility and are willing to be involved in improving the community, both local and global.

**A POSITIVE SELF-CONCEPT** - Youth develop a positive self-concept by seeking their fullest potential as a person.

**HEALTHY INTERPERSONAL RELATIONSHIPS** - Youth learn healthy interpersonal relationships when they get along with others work and interact with people of all ages.

**AN INQUIRING MIND** - Asking why! Youth develop an inquiring mind when they know how to obtain information when it is needed and expect to live in a changing world.

Think of the volunteer role that you are taking - which skill or skills will you focus on as you work with youth?

Think of the five Life Skills as the building blocks to the Kansas 4-H program. These life skills represent those enduring qualities that help young people to become confident, capable, caring, and responsible citizens. These skills represent targets toward which clubs are encouraged to aim as they identify their annual goals.

Clubs are asked to identify club goals and relate each to one of the five Kansas life skills. After a goal and the life skill are identified, clubs should explain their plans to achieve each goal. By filling out the attached sheet at the beginning of the year clubs should find it easy at the end of the year to see if they have reached their goals or not.

The attached form should be returned to your Extension Office by January 2nd. Each club will want to meet, work together to plan the goals, and vote to accept them as the goals for the current 4-H year. For ideas please review the attached examples or contact the Extension Office for more help.

Each club will be required to report on if they met their club goals to the Extension Office with pin nominations and record book nominations. Each club is required to turn in the club goal accomplishment sheet that should be signed by a group of either club leaders, members of the parent committee, or junior leaders in the club.
