RIBBON PLACING

The Meadowlark District exhibits are judged using the Danish Ribbon system where the exhibit is judged against a “standard.” Exhibits are placed in ribbon categories based upon how they compare to the standard.

Purple

These are outstanding exhibits, in a category, that were considered for the champion rosettes. Exhibits exceed the standards of the project. This is as high of quality work as can be done, with nearly no improvements noted.

Blue

The exhibit meets standards and expectations of the project. The exhibit shows high-quality work and needs little or no improvement. Excellent exhibit.

Red

The “base” placing. The exhibit meets most standards and expectations of the project. The exhibit shows high-quality work; however, some improvements can be made in workmanship, design or expression. Good exhibit.

White

The exhibit meets a few standards and expectations of the project. The exhibit can be improved in workmanship, design or knowledge shared about the project. White is often the exhibit where much learning takes place.

Champion Rosette (Purple)

The top exhibit is determined by the judge in a category. A category may be a class, age group within a class or a sub-group within division.

Reserve Champion Rosette (Lavender)

The second place exhibit is determined by the judge in a category. A category may be a class, age group within a class or a sub-group within division.

Regardless of the "Fair Use" provision, the inference that a specific name brand product is good or bad inherently or through comparison must be done cautiously, using acceptable research/comparison methods and have a statement that the results are those of the 4-H participant and not those of K-State Research and Extension.
