JEFFERSON COUNTY 4-H FAIR
July 27-30, 2020
VALLEY FALLS, KANSAS
Due to the coronavirus pandemic and continued concern for the safety of our 4-H families, volunteers, judges, and the general public, many changes have been made to our fair events and procedures. Very limited face-to-face judging will be done in indoor buildings. Drop and go exhibit entry process will be done for almost all static (non-livestock) projects. There will be no public displays of static exhibits, except Public Fashion Revue. Livestock species will enter, show and go home the same day. Only auction-bound animals will remain at the fairgrounds. Livestock Auction is planned for Thursday night. All plans are subject to change based on orders/recommendations from our Governor and Jefferson County Health Department.

We will be following recommendations for social distancing, hand washing, and the wearing of face masks.

Here’s some GOOD NEWS! We have a team that is working on plans to provide a virtual showcase for each of our project areas. This will include pictures and interviews during the entry and judging process, which will be posted to our Jefferson County 4-H Fair Facebook page. Looking forward to seeing you on that page!

The Meadowlark District exhibits are judged using the Danish Ribbon system where the exhibit is judged against a “standard” and exhibits are placed in ribbon categories based upon how they compare to the standard

**Purple**
These are outstanding exhibits in a category that were considered for the champion rosettes. Exhibits exceed the standards of the project. This is as high of quality work as can be done, with nearly no improvements noted.

**Blue**
The exhibit meets standards and expectations of the project. Exhibit shows high-quality work and needs little or no improvement. Excellent Exhibit.

**Red**
The “base” placing. The exhibit meets most standards and expectation of the project. The exhibit shows high-quality work; however, some improvements can be made in workmanship design or expression. Good Exhibit.

**White**
The exhibit meets few standards and expectations of the project. The exhibit can be improved in workmanship, design or knowledge shared about the project. White is often the exhibit where much learning takes place.

**Champion Rosette**
(purple)
The top exhibit as determined by the judge in a category. A category may be a class, age group within a class or a sub-group within division.

**Reserve Champion Rosette**
(lavender)
The second place exhibit as determined by the judge in a category. A category may be a class, age group within a class or a sub-group within division.

“Fair use” is a provision of the current copyright law that allows reproduction without payment or permission of limited portions of a copyrighted work for educational and other public interest purposes.

Regardless of the “Fair Use” provision, the inference that a specific name brand product is good or bad inherently or through comparison must be done cautiously, using acceptable research/comparison methods and have a statement that the results are those of the 4-H participant and not those of K-State Research and Extension.

**AWARDS**

In all divisions (unless otherwise noted) of the fair, the Danish system of awards will be used. This system compares the exhibit to a standard rather than against other exhibits. Exhibits will be placed by the judges in blue, red and white ribbon groups. Superior exhibits will receive purple ribbons and State Fair stickers (Visual Arts) when appropriate. 8. Animals must have been entered and shown to be eligible for the premium auction and/or floor/base bid marketing.

9. Exhibitors shall not enter the show ring to practice with their animal while another exhibitor is practicing with an animal of another species. Anyone not competing or participating in the judging or showing of livestock exhibits should remain outside the show ring, away from the judge and show management.

10. In the event of a conflict of General and Specific rules, the latter rule will govern. See grievance committee guidelines under the General 4-H/FFA Rules. Their decision is final.

ENTRY INFORMATION
11. Animals need to be tagged and weighed at a spring weigh-in or identified with approved district forms by the published identification deadline, to be eligible to show. Spring weigh-in determines the breed of that exhibit, for fair shows that utilize breed classes. The superintendent has the final say if the animal does not match the characteristics for that breed.

12. All livestock must follow the Meadowlark District Livestock Ownership and Identification policy. Market livestock need to be identified by an official Kansas 4-H tag. In addition, goats and sheep must have a USDA Premise Identification tag. (See Livestock Health Requirements.)

13. Animals involved in a leasing program (4-H Horses & Dairy heifers) need to have lease papers on file by designated times.

14. Any lost tags should be reported to the Extension office prior to the fair to make the arrangements for a replacement tag. Animals arriving at the fair without a tag may be disqualified at the discretion of the superintendents, Extension staff, and fair board.

15. All livestock entries must be pre-entered by the date designated by Meadowlark District Office.

16. Fair board reserves the right to limit the number of animals that may be exhibited per exhibitor if barn space is limited. The fair board's decision may be made after pre-entries are received.

17. An exhibit not presented promptly at the scheduled judging time will be ruled out and barred from competition in the class. No complaint or protest on the grounds that the judge overlooked the exhibit will be considered.

ANIMAL HEALTH, CARE AND WELL BEING

18. All Meadowlark District 4-H and FFA livestock are subject to a health inspection prior to exhibiting at the county fair according to the State of Kansas Animal Health Requirements (see above) and local fair board requirements. These inspections may consist of current health papers completed by a licensed veterinarian or inspection by a licensed veterinarian or fair representative prior to unloading/weigh-in at the fair. Poultry with a valid test must present appropriate paperwork and have a numbered leg band in place. Check your county pre-fair newsletters for the requirement for your specific county fair.

19. Exhibitors, their parents, leaders, and other adults have a serious responsibility to use animal health aids (drugs), growth promotants, and any other approved materials with great care, only when
needed, under the direction of a licensed veterinarian and in correct amounts. Approved withdrawal times must be followed to assure that consumers receive wholesome food. Withdrawal times should be observed and followed. The giving of an oral or injected diuretic, growth promotant, or other medication not approved for any domestic animal constitutes an unethical practice. The show management reserves the right to have a blood, urine and/or tissue laboratory analysis made on any animal entered in the competition. An exhibitor of an animal producing an analysis with an unacceptable level of diuretic or any unapproved or illegal medication will forfeit all prizes and premiums and may be barred from future competition.

20. Administration of drench by way of drench gun, pumping, or tubing is allowed in the pen area only and only if deemed necessary for the welfare of the animal, following ethical practices of animal care.

21. The use of tranquilizers, sedatives, cold rags, or products that tamper an animal’s appearance (such as ice) will not be allowed.

22. Youth for the Quality Care of Animals (YQCA): Training will be required for any 4-H/FFA member that wishes to participate in the fair premium auction.

23. Ethical treatment of animals and sportsmanship are the responsibility of all exhibitors, parents, leaders, and all involved. All animals will be handled in a humane manner in accordance with accepted animal husbandry practices. Physical abuse, neglect or indifference to animal comfort & welfare of any animal will not be tolerated and will be grounds for disqualification. Only soft muzzles will be allowed on sheep and goats in the pen or stall only. Hard muzzles are not allowed. Exhibitors will adhere to the National Livestock Show Ring Code of Ethics and have a signed copy of this document on file at the Extension office, verifying that you have read and understand this code of ethics.

SHOW MANAGEMENT INFORMATION

1. Each exhibitor must show his or her own animal without assistance, notwithstanding special circumstances. If the exhibitor has more than one entry in a class or in the Champion Drive, is unable to show due to sickness or injury, or has other superintendent approved reasons, another 4-H or FFA member
from Meadowlark District may show the animal, with prior approval by the superintendent of the division. Exhibitors must be present at the time animals are judged, or forfeit the award, unless their absence has been approved.

2. Members must be enrolled in the project area to be eligible for showmanship classes. The member must show their own animal. In the case of special circumstances, the superintendents have the right to allow substitute animals, at their discretion.

3. Superintendent will have the discretion to break classes. Classes may be combined at the discretion of the superintendent if there are not three animals per class.

4. Rate of Gain awards will be available in all market species, except swine. Animals must have been weighed at an official Meadowlark District weighing date and on the scale used that date. (ROG Beef only in 2020)

5. Feeding and watering is allowed in designated areas only. Specie superintendents will instruct youth on these locations.

6. The market livestock shows (market and breeding divisions of Beef, Meat Goat, Sheep, and Swine) will be a no fit show, “Blow and Show.” “No Fit” is defined as using no adhesive, glue, paint, or powder products. Nothing stiff or sticky, including hair spray. Must be able to run a comb thru the hair. Any product used must be water-soluble (non-oil-based). If the product doesn’t fit within these guidelines, then don’t use it. The use of twinning hair and/or dying the animals' coat to change natural integrity is prohibited. Each exhibitor must care for and groom his or her own animal during the fair and may use only the assistance of an immediate family member (mother, father, step-parent, legal guardian, brother, or sister) or another 4-H or FFA member from the respective county fair who is also an exhibitor at this year’s county fair. Forfeiture of premiums and exclusion from the premium sale will result from infractions of this rule.

**BARN RULES**

1. 4-H or FFA members must provide suitable means of care for their animals at all times during the fair. This includes cleaning and care of the stalls/exhibit area. Stalls and pens must be clean at check-out time. Failure to do this task will result in the forfeiture of ribbon premium money. Livestock exhibitors must
furnish their own feed and watering troughs and should provide their own bedding. Check with the specie superintendent for the approved bedding for the particular specie.

2. All livestock entries will be stalled by clubs/chapters. Pens and stalls will be assigned and marked prior to the fair. Livestock must be stalled where designated by the superintendent of that division. Tack space/areas will be designated by superintendents if available. Superintendents have the ability to re-assign stalls/pens as they deem appropriate.

3. Exhibitors of livestock are requested to decorate their quarters as tastefully as possible and must keep the part of the building occupied by them neat and attractive. Doorways and alleyways should be kept clean and free of unnecessary equipment.

4. NO SMOKING IN LIVESTOCK BARN.

5. ALL CATTLE TO BE WATERED OUTSIDE THE BARN.

6. No box fans in Swine Barn due to safety concerns.

**SELF-INSURANCE POOL/CARCASS INFORMATION**

1. Participation in the Livestock Self-Insurance Pool is MANDATORY for all animals (Beef, Dairy Cows, Dairy Goats, Meat Goats, Sheep, Bucket Calf, and Swine)

2. Coverage is in effect from the time the animal is loaded at home until the final destination-either residence or slaughter facility. Coverage is via a self-insurance pool (payments into the pool are distributed as needed according to pool policy). This is NOT an insurance policy! Coverage will only cover the fair market value of the animal. In case of a catastrophic event (multiple animal losses), the market value of all animals lost may not be covered by the self-insurance pool. Personal coverage is highly recommended.

**LIVESTOCK HEALTH REQUIREMENTS:**

**GENERAL REQUIREMENTS**
All animals are subject to examination by the exhibition staff or their representatives and shall be free of clinical signs of infectious or contagious disease. Animals determined by exhibition staff to have not met listed requirements will not be permitted to exhibit.

**VETERINARIANS MAY BE AVAILABLE TO PROVIDE HEALTH INSPECTION at check-in. Check your local county fair guide or call your local extension office to determine which options are available for your county fair.** Veterinarians, or other exhibition staff, may reject any animal deemed by them for any reason (including, but not limited to, malnutrition, mismanagement, abuse, or disease), to be unfit for the exhibit. Animals not passing health inspections will not be permitted to unload.

**OUT-OF-STATE LIVESTOCK**
Contact any Meadowlark Extension District for current health requirements. Kansas Animal Health Department guidelines will be followed.

**CATTLE**
All cattle must meet the general requirements. Cattle determined by exhibition staff to have lesions of ringworm, warts, or infested with mange will not be permitted to exhibit.

**GOATS**
In addition to the general requirements, all goats must be:
Identified with a registered tattoo or an official USDA premises ID tag (Scrapie tag.) Goats identified with registration tattoos must have legible tattoos and must have registration papers for these animals available for inspection.
Free of any signs of sore mouth
Free of clinical signs of active fungal (ringworm) infection

**HORSES**
All horses must meet the general requirements. A valid VS Form 10-11 showing evidence of a negative test for equine infectious anemia (Coggins) within 12 months prior to the exhibition is recommended, but not required by KDAH.

**SWINE**
All swine originating in Kansas must meet the general requirements.
SHEEP
In addition to the general requirements, all sheep must be:
Identified with an official USDA premises identification tag (Scrapie tag.)
Free of any signs of sore mouth
Free of signs of active fungal (ringworm) infection, including club lamb fungus

RABBITS AND PIGEONS:
Rabbits or pigeons showing symptoms of infectious or contagious disease or parasites may be rejected.

POULTRY
All poultry must meet the general requirements.

Per a February 5, 2020, Memo from Kansas Animal Health Commissioner Dr. Justin Smith to Kansas Extension and Poultry Exhibitors:

- Due to the continuation of the nationwide shortage of antigen needed to conduct pullorum-typhoid testing in poultry, the Kansas Department of Agriculture Division of Animal Health is waiving certain poultry testing requirements for 2020. As a result, Kansas poultry owners do not need to test their exhibition birds for the pullorum disease while the waiver is in effect.
- Although we still consider pullorum-typhoid testing important in maintaining pullorum-clean poultry within Kansas, pullorum disease is rare. Due to this low risk of spread of pullorum disease, and the fact that the antigen for testing will not be available, KDA is waiving the requirement for pullorum-typhoid testing until January 2, 2020.

All poultry must be free of all external parasites. Birds with parasite infestations may be refused for the exhibit. Consult your local veterinarian or the Meadowlark Extension Office for information on the appropriate prevention and treatment of external parasites in poultry prior to exhibit.

Thursday, July 30 – 6:00 pm
Livestock Show Arena
SALE ORDER: Swine, Sheep, Poultry, Beef, and Goats

General Sale Rules

1. Bidding will be done on a premium basis only. A bid of $100 means you are willing to pay $100 as a premium to the 4-H member. If you want to keep the animal to send to a slaughter facility, you will pay the premium in addition to the floor price (price per hundred x weight).
2. Each member may sell only 1 animal through the sale ring. Minimum weights to sell in the ring are: Steer – 1050 pounds, Hogs - 225 pounds, Lambs - 95 pounds, and Meat Goats - 40 pounds.
3. Each seller is responsible for the correctness of ear tag number, floor price, and weight.
4. The Champion and Reserve Champion will be sold first. All other animals will be sold in the order drawn. The sale order does not reflect the show placing except in the case of Champions.
5. All animals have been weighed, and weights indicated are sale weights.
6. All purchasers will be asked immediately after purchasing an animal whether they wish to keep the animal for slaughter at one of the processors listed below, or turn it back (ship the animal). If you choose to turn the animal back, your decision is final. We cannot retrieve animals from trucks after loading.
7. If you elect to purchase a shipped animal, raise your bidder number to notify the auctioneer immediately following the ship declaration.
8. Payment of floor price needs to be paid prior to leaving fairgrounds.
9. All animals entering the ring must be sold. The sale is terminal; all animals sold will be slaughtered. Sale superintendents must be informed where the animal will be slaughtered. REMINDER—the premium buyer has the first chance at purchasing the animal to process.
10. No animal entering ring can be shown at any other fair or show.
11. Purchases by multiple buyers must be divided evenly. NOTE: Limit of 5 buyers per animal. More buyers allowed if you have a group card.

1. Fiber Arts is defined as any method of creating a unique design with fiber, fabric, or yarn. This may include: making fabric (such as weaving, crochet, knitting, needlepoint); or when the existing fabric is changed into something quite different (such as quilting or embroidery or ethnic art.) Ethnic Fiber Arts should use a fiber, yarn, or fabric to create the design exhibit. Non-textile (examples include wood, reed, straw, grass, etc.) baskets/pieces should be entered in the Visual Arts Division.

2. Identification Label:
   a) Type or print on a 3” x 2-1/2 “piece of cloth: exhibitor’s name, class number, and MED-Oskaloosa
   b) Sew or safety pin this ID label in opposite location as entry card.
   c) For garments, attach ID label to the front left shoulder seam, or left side of the waistband, as if you were wearing the garments.

3. When articles, which are normally worn as a pair, are exhibited, both articles must be shown together. Fasten articles together securely with yarn.

4. The exhibitor should attach an index card, no larger than 4” x 6”, with the entry form to give the judge any information on what parts of the exhibit they made, processes used, or other information which the exhibitor thinks would be helpful for the judge. For all items, please indicate if the item was made from a kit. For all items, please indicate fiber content, and
specifically if they are made of at least 90% wool. For quilted items indicate who did the quilting and binding. Include cost.

5. Exhibitors are expected to be enrolled in the Fiber Art project in which they are entered. When the exhibit is a sewn garment that also includes one or more Fiber Art techniques (i.e., knitting, crochet, needle arts, or patchwork and quilting), the determination of what division (Clothing or Fiber Arts) and class in which to enter will be left with the 4-H participant.

6. All exhibits which need to be hung MUST have the appropriate saw tooth hanger, rod, wire, or other mechanism attached in order to be correctly displayed. If necessary hardware is not attached, it may not be displayed.

7. Fiber Arts Educational Notebook - Share with others what you learned in this project about a particular Fiber Art. Exhibits should be in the form of a notebook or binder. The notebook should include a narrative section describing the fiber art. It should include a clear description of the project, technique, budget, supplies, goals, accomplishments, successes, failures, and future plans. It may include samples of techniques, how-tos, photographs of completed projects, or other ways of educating others about fiber arts. NOTE: A collection of brochures, web pages, patterns, record book forms, etc. does not constitute an educational notebook. Follow copyright laws, as explained in the General Rules, as you are preparing your exhibit. Name, local unit, and fiber art covered must be clearly marked in the notebook.

8. If an exhibitor exhibits two quilts, they CAN NOT be duplication of pattern and material combination.

Exhibitors not adhering to the following rules are subject to disqualification or lowering of ribbon placing.

1. Changes for 2020: a) No classes for favorite perishable food, modified non-perishable food product (State Fair Ruling), flop class and recipe box, or collection. b) To reduce food waste (no public display this year), you have the option of bringing half of a larger item, i.e., half of a frosted or unfrosted cake, half of a pie, or half loaf of bread (no mini loaf). Bake whole and then cut in half. Use disposable containers as no pans, plates, etc. will be returned to you.

2. Exhibitors are required to enter food classes in their age divisions only, regardless of the number of years enrolled in the project. Exceptions to this rule include optional classes.

3. The complete recipe must accompany all exhibits. Recipes must have exhibitor’s name on them and will be kept until all judging of purple placings is completed. Recipe with ingredients and instructions should be placed on a 3”x5” card. If computer-generated, cut to fit card. If a mix is used, write the mix, other ingredients, and method of mixing on the card.

4. For food safety purposes, any food with custard and dairy-based fillings and frostings (ex. JUDGING BEGINS 8:00 am on Monday, July 27

State Fair Update:
“In light of being unable to host the geology field trip and circumstances related to specimen collection, the 4-H Geology Action team has voted to modify the collection rules for the 2020 Kansas State Fair.
"the current year specimen number rule shall be modified for the 2020 4-H year for geology exhibit state fair classes 5200, 5201, 5202 and 5203, due to these extraordinary circumstances, to read: Five (5) specimens must be collected during the current 4-H year."
The rule change only pertains to the 2020 4-H year. So for example, this year, participants need only 5 (new) specimens collected during the current year, which begins the day after last year's state fair. The total number of specimens (15, 30, 45 & 60) per any given exhibit class remains the same. So for a 15 specimen exhibit, for example, the participant needs only 5 specimens from the current year, and the remaining 10 could be collected during previous years.”

1. The exhibit box should be 18" x 24" x 3 ½”. Plexiglas covers are required. Boxes with glass covers WILL NOT be accepted. (UPDATE-DUE TO SHORTAGE OF PLEXIGLASS, GLASS COVERS WILL BE ACCEPTED IN 2020) All specimens are to be arranged across the narrow (18") dimension of the exhibit box, making the exhibit 18" across the top and 24" deep exactly. If a box has a sliding Plexiglas cover, it must be removable from the top. Screws, locks, or other devices that would prevent judges from removing the cover should not be used. For Lapidary classes 5300-5304 only, the dimensions of the box should be appropriate for the display, but should not exceed 18”x24”x3-1/2”.
2. Each exhibitor is required to identify each display box by placing an identification label bearing the name, county or district and number of specimen in the upper left-hand corner of the Plexiglas cover (inside-use clear double sided tape to adhere gummed labels) and by attaching a label with the same information on the lower right corner of the box (outside).

3. Exhibitor may enter in both geology and lapidary classes. Exhibitors may show in only one of the first four geology classes (5200, 5201, 5202, 5203). Exhibitors may also show in geology class 5204 (special exhibit), 5205 Mineralogy, 5206 Fossils, and in one lapidary class.

4. Geology specimens should be labeled with the number of the specimen, date collected, specimen name or description, and locality (county only) where collected.

5. For the geology classes 5200, 5201, 5202, and 5203, specimens should be mounted in the box by proper groups: rocks, minerals, and fossils. Fossils must be identified to the Phylum, Class and Genus level. Genus name is to begin with a capital letter. Species name is all lower case. Genus and species names must either be italicized or underlined, not both. The words “phylum, class, genus” on labels are to be spelled out, not abbreviated. More than one specimen of the same kind of rock or mineral or species of a fossil may be exhibited if this duplication represents different geological formations. Specimen label must show this distinction (Fort Hays limestone, not just limestone; calcite from the Greenhorn Formation, not just calcite; Phylum: Brachiopoda Class: Articulata Genus: Composita from the Morrill Limestone Member, not just Phylum: Brachiopoda Class: Articulata Genus: Composita).

6. For geology classes 5200, 5201, 5202, 5203, 5205, 5305 and 5206, all specimens must be collected the by the participant (not purchased) from locations in Kansas, with the exception of Tri-State Mining Area specimens collected from these three adjacent counties: Ottawa County, OK; Newton and Jasper Counties, MO. Other out-of-state specimens will not count in the minimum number for the class, nor will they be considered in the judging.

7. Please see the following website for detailed information on classes: http://www.meadowlark.k-state.edu/4-h/project_resources.html
GE500 – Beginning Geology (Age 7-8) only for 1st-time exhibitors
- Specimens should be glued to a piece of heavy white poster board or foam core board 22”x32” with “Beginning Geology” at the top of the display.
