

2026 CLUB DAY DOOR MONITOR

1. You will notice some clubs will be room monitors for the entire time. We are sorry for this. If you have extra members to help other clubs out, please contact that club.
2. We will be going in the order of the schedule. If someone is not there when the next presentation is to begin you will take the next person on the schedule. No jumping in line.
3. Report to your assigned room 5 minutes before your scheduled time. If there is a conflict with your event and when you are to be a room monitor, please let the current room monitor know ahead of time.
4. Introduce yourself to the judge. Have each contestant check in with you. If there are cancellations, please note this on the sheet outside the door and let the judge know.
5. When the judge lets you know he/she are ready, then introduce the presenters name and club.
6. Do not allow people to enter the contest room once the participant has started their presentation.
7. Make sure the area in-front of your door is kept quiet during presentations.
8. Please help keep the school clean. Assist participants as needed. Remember we are guests in the school.
9. If you need to leave the room to participate as a contestant in another division, be sure to find someone else to watch the room until the next room monitor has arrived. This can be a parent or other older 4-Her.
10. At the completion of a contest in your room, if you had any “no shows”, first check with the judge to be sure they did not judge them. If they were not judged, check with Extension staff to see if the contestant canceled. Judges should not be dismissed until cancellations are verified.
11. When judging is completed, be sure that all signs are taken down and the room is how we found it.
12. If you have questions, ask the extension staff.
