The Meadowlark District exhibits are judged using the Danish Ribbon system where the exhibit is judged against a “standard” and exhibits are placed in ribbon categories based upon how they compare to the standard.

**Purple**
These are outstanding exhibits in a category that were considered for the champion rosettes. Exhibits exceed the standards of the project. This is as high of quality work as can be done, with nearly no improvements noted.

**Blue**
The exhibit meets the standards and expectations of the project. The exhibit shows high-quality work and needs little or no improvement. Excellent Exhibit.

**Red**
The “base” placing. The exhibit meets most standards and expectations of the project. The exhibit shows high-quality work; however, some improvements can be made in workmanship, design, or expression. Good Exhibit.

**White**
The exhibit meets few standards and expectations of the project. The exhibit can be improved in workmanship, design or knowledge shared about the project. White is often the exhibit where much learning takes place.

**Champion Rosette**
(purple)
The top exhibit as determined by the judge in a category. A category may be a class, age group within a class or a sub-group within division.

**Reserve Champion Rosette**
(lavender)
The second place exhibit as determined by the judge in a category. A category may be a class, age group within a class or a sub-group within division.

The Meadowlark Extension District is committed to maintaining a safe, supportive, civil, and productive work environment that treats everyone involved with respect and dignity. It is a violation of this policy for employees or other individuals to engage in acts or threats of violence against persons or property, including acts of intimidation, harassment, or other inappropriate behavior that causes fear for personal safety and/or
disruption in the workplace or at any District sponsored or supported event.

Violent or disruptive behavior will not be tolerated, and all reports of incidents will be taken very seriously and dealt with appropriately. Individuals who create a hostile work environment may be removed from settings and prohibited from returning.

**USE OF COPYRIGHTED MATERIALS**

4-H exhibitors (individual or group) should avoid using copyrighted materials whenever possible by originating his/her work. A 4-H member or group should use with caution, a copyrighted and/or trademarked product or service (a brand name, label, or product). The intent of using the copyright or trademark materials for educational purposes such as an exhibit, educational poster/display or public presentation is acceptable under the “Fair Use” (legal use) provision.

“Fair use” is a provision of the current copyright law that allows reproduction without payment or permission of limited portions of a copyrighted work for educational and other public interest purposes.

Regardless of the “Fair Use” provision, the inference that a specific name brand product is good or bad inherently or through comparison must be done cautiously, using acceptable research/comparison methods and have a statement that the results are those of the 4-H participant and not those of K-State Research and Extension.

**STATE FAIR & KANSAS JUNIOR LIVESTOCK SHOW ENTRIES**

1. 4-H members 9 years of age or older by January 1st of the current year and FFA members with properly nominated livestock or qualifying ribbon exhibits at the Fair are eligible for State Fair competition provided there is a State Fair class for such exhibit. Certain State Fair Classes require that the exhibitor be age 14 (Fashion Revue as an example). Check the Kansas State Fair book for clarification.

2. **Pre-entry for all State Fair exhibits, except livestock, is required by August 10 to your local Meadowlark District Extension Office.** Four-digit class numbers signify State Fair class numbers and hence are State Fair eligible (if youth meet age guidelines), all other numbers are local fair class numbers.

3. All members wishing to enter livestock exhibits in the Kansas State Fair (KSF) and/or the Kansas Junior Livestock Show (KJLS) must meet all tagging, nomination, declaration, and entry deadlines as required by these events. [http://www.asi.k-state.edu/research-and-extension/youth-programs/nominated-livestock/](http://www.asi.k-state.edu/research-and-extension/youth-programs/nominated-livestock/)
4. Horse Exhibitors must have qualified through the NE District Horse show with a qualifying ribbon, to be eligible for State Fair.
5. Dog exhibitors must have a qualifying score from a certified judge.

**AWARDS**

In all divisions (unless otherwise noted) of the fair, the Danish system of awards will be used. This system compares the exhibit to a standard rather than against other exhibits. Exhibits will be placed by the judges in blue, red and white ribbon groups. Superior exhibits will receive purple ribbons and State Fair stickers when appropriate. Champion and Reserve Champion ribbons will be awarded in divisions if deemed worthy by the judge and if the exhibit is at a blue-ribbon level or above.

**4-H & FFA LIVESTOCK RULES**

1. All animals must comply with rules listed under General County Fair Livestock Rules and Livestock Health Requirements.
2. See General Fair Rules and Regulations and the 4-H/FFA General Rules.
3. If an animal gets loose and leaves the fairgrounds it must go home immediately after being caught.
4. All animals housed in the barns during the fair must be pre-entered in classes they will be shown in.
5. **Warning:** Under Kansas law, there is no liability for an injury to or the death of a participant in domestic animal activities resulting from the inherent risk or domestic animal activities. You are assuming the risk of participating in this domestic animal activity. K.S.A. 60-4001 through 60-4004.
6. No dogs or other pets, except for service dogs, are allowed in the livestock barns at any time.
7. Any animal deemed dangerous by the superintendent, Extension staff, or fair board, will be expelled from the fairgrounds by the division superintendent.
8. Sexually intact males are not eligible to be shown in the 4-H/FFA Beef, Dairy, Goat, Horse, Sheep or Swine divisions.
9. Animals may not be shown in more than one class; this includes open class entries. The exception is an animal shown in a class that evaluates the animal individually may also be used for showmanship and may be shown as part of a club flock/herd/pen (if applicable). In the case of Horses, they may be ridden only once in a class. Rabbits may also be entered in Fur Classes per division guidelines.
10. Any animal entered in the fair may be used for the Livestock Judging Contest.
11. Animals must have been entered and shown to be eligible for the premium auction and/or floor/base bid marketing.
12. Exhibitors shall not enter the show ring practice with their animal while another exhibitor is practicing with an animal of another species. Anyone not competing or participating in the judging or showing of livestock exhibits should remain outside the show ring, away from the judge and show management.
13. In the event of conflict of General and Specific rules, the latter rule will govern. See grievance committee guidelines under the General 4-H/FFA Rules. Their decision is final.
14. If an animal gets loose and leaves the fairgrounds it must be taken home as soon as it is caught.

ENTRY INFORMATION
15. To be eligible to show, animals need to be tagged and weighed at a spring weigh-in or identified with approved district forms by the published identification deadline. Spring weigh-in determines the breed of that exhibit, for fair shows that utilize breed classes. The superintendent has final say if the animal does not match the characteristics for that breed.
16. All livestock must follow the Meadowlark District Livestock Ownership and Identification policy. Market livestock need to be identified by an official Kansas 4-H tag. In addition, goats and sheep must have a USDA Premise Identification tag. (See Livestock Health Requirements.)
17. Animals involved in a leasing program (4-H Horses & Dairy heifers) need to have lease papers on file by designated times.
18. Any lost tags should be reported to the Extension office prior to the fair to make the arrangements for a replacement tag. Animals arriving at the fair without a tag may be disqualified at the discretion of the superintendents, Extension staff and fair board.
19. All livestock entries must be pre-entered by the date designated by Meadowlark District Office.
20. Fairboard reserves the right to limit the number of animals that may be exhibited per exhibitor if barn space is limited. The fair board's decision may be made after pre-entries are received.

ANIMAL HEALTH, CARE AND WELL BEING

22. All Meadowlark District 4-H and FFA livestock are subject to a health inspection prior to exhibiting at the county fair according to the State of Kansas Animal Health Requirements (see above) and local fair board requirements. These inspections may consist of current health papers completed by a licensed veterinarian or inspection by a licensed veterinarian or fair representative prior to unloading/weigh-in at the fair. Poultry with a valid test must present appropriate paperwork and have a numbered leg band in place. Check your county pre-fair newsletters for the requirement for your specific county fair.

23. Exhibitors, their parents, leaders, and other adults have a serious responsibility to use animal health aids (drugs), growth promotants, and any other approved materials with great care, only when needed, under the direction of a licensed veterinarian and in correct amounts. Approved withdrawal times must be followed to assure that consumers receive wholesome food. Withdrawal times should be observed and followed. The giving of an oral or injected diuretic, growth promotion or other medication not approved for any domestic animal constitutes an unethical practice. The show management reserves the right to have a blood, urine and/or tissue laboratory analysis made on any animal entered in the competition. An exhibitor of an animal producing an analysis with an unacceptable level of diuretic, or any unapproved or illegal medication will forfeit all prizes and premiums and may be barred from future competition.

24. Administration of drench by way of drench gun, pumping or tubing is allowed in the pen area only and only if deemed necessary for the welfare of the animal following ethical practices of animal care.

25. The use of tranquilizers, sedatives, or products that tamper an animal’s appearance (such as ice) will not be allowed.

26. Youth for the Quality Care of Animals (YQCA): Training will be required for any 4-H/FFA member who wishes to exhibit Beef, Dairy Cattle & Goats, Market Poultry, Market Rabbits, Meat Goats, Sheep and Swine at the county fair. This training is also a required part of the Premium Sale Requirements.

27. Ethical treatment of animals and sportsmanship are the responsibility of all exhibitors, parents, leaders, and all involved. All animals will be handled in a humane manner in accordance with accepted animal husbandry practices. Physical abuse, neglect, or indifference to the animal comfort & welfare of any animal will not be tolerated and
will be grounds for disqualification. Only soft muzzles will be allowed on sheep and goats in the pen or stall only. Hard muzzles are not allowed. Exhibitors will adhere to the National Livestock Show Ring Code of Ethics and have a signed copy of this document on file at the Extension office, verifying that you have read and understand this code of ethics.

SHOW MANAGEMENT INFORMATION

1. Each exhibitor must show his or her own animal without assistance, notwithstanding special circumstances. If the exhibitor has more than one entry in a class or in the Champion Drive, is unable to show due to sickness or injury, or has other superintendent approved reasons, another 4-H or FFA member from Meadowlark District may show the animal with prior approval by the superintendent of the division. Exhibitors must be present at the time animals are judged or forfeit the award unless their absence has been approved.

2. Members must be enrolled in the project area to be eligible for showmanship classes. The members must show their own animal. In the case of special circumstances, the superintendents have the right to allow substitute animals, at their discretion.

3. Superintendent will have discretion to break classes. Classes may be combined at the discretion of the superintendent if there are not three animals per class.

4. Rate of Gain awards will be available in all market species except swine. Animals must have been weighed at an official Meadowlark District weighing date and, on the scale, used that date.

5. Feeding and watering is allowed in designated areas only. Species superintendents will instruct youth on these locations.

6. The market livestock show (market and breeding divisions of Beef, Meat Goat, Sheep and Swine) will be a no fit show, “Blow and Show”. “No Fit,” is defined as using no adhesive, glue, paint, or powder products. Nothing stiff or sticky may be used including hairspray. You must be able to run a comb through the hair. Any product used must be water soluble or non-oil based. If the product doesn’t fit within these guidelines, then don’t use it. The use of twinning hair and/or dying the animals coat to change the natural integrity is prohibited. Each exhibitor must care for and groom his or her own animal during the fair and may use only the assistance of an immediate family member (mother, father, stepparent, legal guardian, brother, or sister) or another 4-H or FFA member from the respective county fair who
is also an exhibitor at this year’s county fair. Forfeiture of premiums and exclusion from the premium sale will result from infractions of this rule.

**BARN RULES**

1. 4-H or FFA members must always provide suitable means of care for their animals during the fair. This includes cleaning and care of the stalls/exhibit area. Stalls and pens must be cleaned, according to superintendent instruction, at check-out time. Failure to do this task will result in forfeiture of ribbon premium money. Livestock exhibitors must furnish their own feed and watering troughs and should provide their own bedding. Check with the specie superintendent for the approved bedding for the particular specie.

2. All livestock entries will be stalled by clubs/chapters. Pens and stalls will be assigned and marked prior to the fair. Livestock must be stalled where designated by the superintendent of that division. Tack, fitting equipment and personal belonging, space/areas will be designated by superintendents if available. 3. Stall space in the beef/dairy barn is approximately 3-4 feet wide by 8 feet long. Each upright bar on the center row panels and anchor point on north/south wall tie rails, represents a tie point and center of a stall. Stall dividers may be used but cannot extend beyond the area assigned to an exhibitor/club. Superintendents and/or Fair Board reserve the right to move, an exhibitor or prohibit use of stall dividers and other equipment based upon space available.

4. Exhibitors of livestock are requested to decorate their quarters as tastefully as possible and must keep the part of the building occupied by them neat and attractive. Doorways and alleyways should be kept clean and free of unnecessary equipment.

5. Open Class livestock entries will be allowed to stall at the fair, IF there is adequate space available AND upon approval of the specie superintendent.

AG MECHANICS WELDING

SUPERINTENDENT: Rodney Farwell
CHECK-IN: Friday, July 26th before 10:00 am
JUDGING: Friday, July 26th at 10:30 am

1. Limit six (6) entries with no duplications. Exhibits must have been constructed or repaired during the current 4-H year.
2. Exhibits must have been constructed or repaired during the current 4-H year. The exhibit must have been selected at the county level for entry to exhibit at the State Fair. Counties or districts should select only top blue or purple ribbon Ag Mechanics exhibits which meet State Fair guidelines.
3. Wheeled exhibits must utilize a braking mechanism which prevents the exhibit from freely rolling while on display.
4. Exhibitors are responsible for providing sufficient braking or “chocks” for trailer exhibits to ensure that the exhibits do not move once positioned. If using a wheel "chocking” mechanism, the two individual blocks should be connected as a pair of chocks, so they do not become separated. At least one pair of chocks should be placed on each side of the trailer to prevent movement.
5. For trailer exhibits the tongue of the trailer should have a locking mechanism (e.g., padlock) to prevent the trailer from being moved by unauthorized individuals while being displayed. A key for the locking mechanism should be left with the superintendent and labeled with the exhibitor’s name, county, and phone number.
6. Each exhibit must be free-standing or sufficiently supported by an exhibitor supplied support system that is moveable and is part of the total demission’s and weight of the exhibit as described previously. Exhibit display boards should have a portable and moveable base and examples should be firmly affixed to the board to ensure all parts of the display stay together. No exhibits may be staked to the ground for display.
7. Top heavy items should be braced or placed in a stand sufficient to prevent it from toppling over while on display.
8. Exhibits may not be bound, affixed, or attached to the State Fair buildings, except by the superintendent, State Fair Staff, or State Fair Extension Staff.
9. Painting or spot painting is not allowed on projects after arrival at fairgrounds. If wet paint is detected by judges or superintendents one ribbon placing will be deducted.
10. Repair projects having adequate original finish need not be repainted.
11. Cutting surfaces, such as blades, are to have a protective covering over them to prevent injury. The covering should be easily removed and reinstalled for judging. Foam “pool noodles” and multiple layers of cardboard are acceptable.
12. Display cases for small exhibits are acceptable and must be easily opened so the item can be removed and examined as part of judging.
13. Exhibits that include weaponry of any kind will be disqualified. Weaponry is defined as any instrument, possession, or creation, physical and/or electrical that is intended to be used to inflict damage and/or harm to individuals, animal life, and/or property.
14. Trailers and large exhibits (those larger than 5 feet in any dimension) may be displayed outside, and exhibitors with such exhibits are to contact the State 4-H Office no later than August 24th to arrange placement time and location.
15. If the exhibit is powered by flammable liquids (gas, propane, kerosene, etc.) the fuel tank and lines should be drained and allowed to dry, to avoid spills and potential fires.
16. Electric powered (battery, corded, solar, or alternative energy) should have a primary shutoff or disconnect switch.
17. If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor’s exhibit, at the judges’ discretion, will receive a deduction in ribbon placement or a participation ribbon.
18. The exhibitor’s name(s) and county or district must be tagged or labeled in a prominent location on the display.
19. Each exhibit, except for display boards, must include an Ag Mechanics information packet. Entry of just a packet without an accompanying exhibit is not a sufficient exhibit.
20. Each exhibitor is required to complete the “4-H STEM Ag Mechanics Exhibit Information Form” for each exhibit, except for display boards, which are available through your local K-State Research and Extension office or at www.STEM4KS.com. This form must be attached to the outside of a 10” x 13” manila envelope. Do not tie the envelope to the exhibit. All revisions of all forms
previously released for the STEM division dated prior to current year are void for use and new forms must be obtained and used that are dated by the State 4-H Office for the current year.

21. Each exhibit information packet should include the following items:
   a. Bill of materials for the project with associated costs, scrap items used may be listed as having a $0.00 cost.
   b. 1 to 5 pages of photos showing work on the exhibit, preferably from a beginning state to final or completed state.
   c. If appropriate schematics or working drawings relating to the creation or repair, this is not required for display boards.
   d. If appropriate operating instructions.

22. Additionally, exhibitors may create an optional video (not required) about their project showing its operation and the work they have done. This allows judges to get a better understanding of the exhibit and allows the youth the opportunity to fully demonstrate their exhibit. The video should be no longer than 8 minutes and should be placed on a USB drive. These videos may also be considered for inclusion in a running video loop in the STEM area at the state fair after review by judges, superintendent(s), and extension staff. Adult guardians must complete the video release included with the exhibit form. If the release is not completed the video will not be included in the video loop on display in the STEM area at the Kansas State Fair.

23. FOR COUNTY FAIRS it is recommended that the video elements be waived in favor of talking with the exhibitor.

3. All components used in construction should be dust and hair free, clean, free of chips, scuffs, cracks or broken blocks.

4. Gaps or cracks should not be visible between assembled blocks unless they fit with the story, for example an earthquake.

5. The primary building component should be interlocking blocks, commonly referred to by the brand name of Lego®.

6. Other components can be integrated into dioramas to illustrate architectural aspects that may be difficult to convey with traditional interlocking blocks, for example marbles for small round objects.

7. The use of existing “store bought” sets for major elements of the display is not allowed, use of figurines from sets is allowed as is using individual bricks or small sub-assemblies to create something different than the set it came from. “Store bought” sets should be considered an arts and crafts entry. The intent of this is to ensure fairness among exhibitors and encourage maximum creativity instead of just following a set of plans.

8. Dioramas should be suitably complex and have multiple elements, for example a camp site that has a log cabin, a tree fort, and a car.

9. All dioramas should have a story, which is part of the information pack, that describes what is happening in the diorama; this can be as simple (the nursery rhyme “Jack and Jill” for example) or complex as needed to explain to someone looking at the exhibit what is happening.

10. Vehicles that are intended to stay in a single place should be affixed to base plates with sticky tack, hot glue, or other method.
11. Mechanical enhancements or motion elements that add motion to the diorama are acceptable and encouraged. For example, marry-go-rounds, doors, elevators, gears, marbles going down a channel, flapping wings, animatronics, etc. If included judges should be able to use them and instructions should be provided for operation either in the story or on a separate page.

12. Mechanical enhancements or motion elements that add motion to the diorama are acceptable and encouraged. If used judges should be able to use them and instructions should be provided for operation.

13. Artistic designs, for example recreating paintings like the “Mona Lisa” or Stary Nights” and sculptures like “David” are not permitted as exhibits and one ribbon placing should be deducted. These exhibits should be displayed in visual Arts.

14. The exhibitor’s name(s) and county or district must be tagged or labeled in a prominent location on the display.

15. Each exhibit must include an Architectural Block Construction information packet. Entry of a packet without an accompanying exhibit without a packet is not a sufficient exhibit.

16. Each exhibitor is required to complete the “Building Block Engineering Exhibit Information Form” which is available through our office. This form must be attached to the outside of a 10” x 13” manila envelope. Do not tie the envelope to the exhibit.

17. Each exhibit information packet should include the following items:
   a. 1 to 5 pages of photos showing work on the exhibit, preferably from a beginning state to final or completed state.
   b. If appropriate operating instructions for mechanical portions of the diorama.

18. Exhibitors exhibiting at the state fair will be required to create a video. Ask Extension staff for more information.
